Enterprise-Grade SSO for all organizations

Cubeless

Why Cubeless?

All organizations deserve the same level of security as enterprises—without the complexity or high costs. Cubeless delivers a Free Forever Single Sign-On (SSO) and authentication platform designed for lean IT teams.

Key Benefits for IT Managers

Free Forever:

No hidden fees or time limits—ever.

Fast Deployment:

Set up in minutes with no specialized expertise.

Easy to Use:

Intuitive interface for both admins and end-users.

Enterprise-Grade Security:

MFA, encryption, and regulatory compliance (GDPR, HIPAA, etc.). Cubeless is SOC II Certified.

Seamless Integration:

Works with Microsoft 365, Google Workspace, Salesforce, and more.

Built to Scale:

Advanced features as your business grows.

Perfect For

IT Managers juggling security, access, and tight budgets.

Companies looking to reduce password fatigue and support tickets.

Teams scaling fast without time for complex deployments.

Cubeless = Simplicity + Security + Scalability

Make IT simpler. Keep data safer.
Start now—for free.
